ООО «АПК Юность»

(ИНН 5708006707, ОГРН 1185749007190; адрес: 303900, Орловская область, Урицкий район, пгт Нарышкино, ул. Ревкова, д. 28, лит. А, пом. 5)

заблаговременно информирует физических и юридических лиц, осуществляющих пчеловодство, и население населённых пунктов, расположенных на расстоянии до 7 километров от границ земель и земельных участков, на которых запланировано применение пестицидов, о проведении работ по обработке сельскохозяйственных культур с применением пестицидов.

ПЕРИОД ПРИМЕНЕНИЯ ПЕСТИЦИДОВ – с 15.04.2026 г. по 19.04.2026 г. (ВКЛЮЧИТЕЛЬНО).

Способ применения — опрыскивание и разбрасывание наземной аппаратурой.

Работы будут осуществляться в пределах сельских поселений и на земельных участках, расположенных на территории Орловской области, со следующими кадастровыми номерами:

Болховский район:

Применение опасных для человека и пчёл пестицидов и агрохимикатов осуществляется в соответствии с Федеральным законом от 19.07.1997 г. № 109-ФЗ «О безопасном обращении с пестицидами и агрохимикатами». В целях обеспечения безопасности продукции пчеловодства от воздействия пестицидов необходимо исключить вылет пчёл ранее срока, указанного в регламенте по применению пестицида, в порядке, определённом ст. 16 ФЗ «О пчеловодстве» от 30.12.2020 г. № 490-ФЗ. Время изоляции (исключения вылета) пчёл для препаратов 1-го класса опасности составляет не менее 4—6 суток; для 2-го класса опасности — не менее 2—3 суток; для 3-го класса опасности — не менее 20—24 часов. Обработки будут проводиться в полном соответствии с требованиями законодательства РФ и действующих санитарных норм и правил. На границах обработанных площадей будут выставляться щиты (единые знаки безопасности) с указанием сведений о мерах предосторожности и возможных сроках выхода на территории и иной необходимой информацией. Настоящее объявление не является рекламой препаратов, указанных в нём. При отравлении пестицидами наблюдаются: нарушение координации движений, тремор, судороги, слюноотделение, слезотечение, тошнота, рвота; при попадании в органы дыхания — раздражение. Первая медицинская помощь заключается в выведении на свежий воздух, покое. При попадании внутрь организма — обильное питьё воды, активированный уголь. Если препарат попал в глаза, на слизистые оболочки, обильно промыть проточной водой во избежание раздражения. При попадании на кожные покровы обильно промыть проточной водой с мылом. Незамедлительно обратиться к врачу за медицинской помощью.
